Welcome to Adobe Acrobat

Where will you start today - editing, designing, or collaborating? Whatever your goal, advanced PDF tools and AI features in Acrobat help you do more, faster.

01 | Meet the new Acrobat

Transform documents into powerful workspaces with PDF Spaces, specialized assistants, and easy content creation.

Unlock insights quickly. With PDF Spaces, turn documents into powerful workspaces — summarize content, uncover key takeaways, and collaborate seamlessly.

Ask AI Assistant. Generate new ideas, answer questions, and get next steps with pre-built or customized assistants.

Easily create standout content. Jump-start flyers, infographics, or social posts with templates. Then polish them up with simple tools and custom images in Adobe Express.

PDF Spaces and Adobe Express capabilities included in Acrobat Studio subscription. Where available.

02 | Edit and e-sign PDFs, all in one place

Stay on top of your documents and get it all done in one app with 50+ PDF features right at your fingertips.

Edit PDFs. Easily fix typos, swap images, and convert digital or paper docs to editable, searchable PDFs.

Fill and e-sign PDFs. Digitally fill out form fields, check boxes, and sign documents.

Request e-signatures. Quickly and securely gather e-signatures and forms from others.

03 | Work across platforms

Access your documents and easy-to-use PDF, e-signature, and AI tools across desktop, mobile, web, and extensions.

Access from where you are. Use Acrobat tools in the apps and browsers you already use. Acrobat integrates seamlessly with Dropbox, Box, Google Drive, Microsoft 365, and more.

Quick access with extensions. Work with PDFs right from your browser with the Acrobat Google Chrome and Microsoft Edge extensions. Install and pin for quick access.

04 | Store and share files with others

Share files for viewing, commenting, or signature — across desktop, web, and mobile

Share files fast. Click, add, and send. It's that easy.

Collaborate with ease. Send one email with one link to multiple reviewers. Access full collaboration tools that work with your PDFs so you can easily leave comments, add @mentions, highlight, or search a document.

Manage your files. Store your documents and photos online. Get real-time updates when comments have been added, send reminders, and add deadlines.
